## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 13 and 14 are finally rejected under 35 U.S.C. 102(b) as being anticipated by either of Cramond et al (US Patent 5,996,655) or Sybertz (US Patent 3,865,164).

Cramond et al or Sybertz teaches a method for clamping a knife on a chipper disc comprising the steps of providing a clamp (40 or 5a, respectively), positioning the knife between the clamp and the wear plate (fig.3, the examiner considers the combination of 8 and 43 to form a wear plate or 11 as the wear plate) and applying to the clamp a first force (It should be noted the force applied to the clamp by 70 is **substantially** parallel to the rotation axis as seen in fig. 3 or the combination of 3 and 8, see fig.2). Sybertz further teaches the first force is applied to the along a direction intersecting the knife (col. 3, lines 30-40).

### ***Allowable Subject Matter***

Claims 15-18 are finally allowed.

### ***Response to Arguments***

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
